Dear Mr Chapman  
Mr Lashman and I  
started in on the fire  
place foundation and  
found that it was  
not safe to work  
in under as it had  
fallen more than it  
was when I put the  
props under so it  
will all have come  
down from the top  
now ~~that~~ it will  
have to be looked after  
at once or it will  
come down and ~~will~~ <sup>spare</sup>

in shape again now  
Dadman says that he  
can not work on it  
as it is to long a job  
he has got to make  
work a head so is no  
masons around town that  
knows how to put up a  
stone fire place so I could  
get one at Sarnia  
Lake one that had  
put them up all over  
the upper Lakes so if  
you want me to do the  
job for the price mentioned  
let me know as soon as  
possible

The whole House  
as it has sunk all the  
floors more than what  
it was when you was  
here. ~~now~~ Mr  
Daskuan says the  
it will cost about  
~~300~~ 300 Dollars to take  
it down and put it  
back again and if you  
want me to take  
job I will see that  
it is done right and  
it down from the roof  
to the bottom and  
furnish all materials  
and put the floors back

now I had the best  
man that I could  
get to help me to  
prop it up and it took  
us  $1\frac{1}{2}$  Day each and he  
Charge me  $2\frac{40}{100}$  per day  
and I charge  $2\frac{00}{100}$ :-

Which leaves	675
for him and me	<u>320</u>
I had 3 load of stone	100

Loaded and 1 load of sand  
which I have not got the  
bill for yet all so the  
stone well I will do  
hoping to hear from  
you soon yours Bert Hathaway
